OF CLEVELAND COUNTY

2025 Impact Report

BOYS & GIRLS CLUBS

BOYS & GIRLS CLUBS
OF CLEVELAND COUNTY

Empowering Youth. Transforming Tomorrow.

Our vision is to create an exceptional Club environment where every young person has the support and opportunities needed to thrive. We strive to ensure that all members leave our programs prepared to graduate high school with a clear path forward, equipped with strong values, a sense of responsibility to their community, and the foundation for lifelong health and well-being.

Transforming Lives. Strengthening Families. Building Futures.

Because of the steadfast support of our dedicated community partners, our academic programming continues to generate measurable and lasting impact for the youth we serve. Through our Power Hour initiative, members benefited from 36,758 hours of structured homework assistance, an average of 62 hours per child, representing a 40% increase in total academic support delivered. This intentional investment in academic reinforcement directly contributed to 90% of participating youth earning grades of B or higher, while 99% achieved at least a C average or above.

Our mission to develop well-rounded, confident, and responsible young people extends far beyond the classroom. We remain equally committed to promoting healthy lifestyles and expanding access to high-quality STEM learning opportunities. Through our Triple Play program, every member engages in a minimum of 30 minutes of physical activity daily while gaining practical knowledge about nutrition and overall wellness. This year alone, the program provided more than 380 hours of Healthy Habits instruction and distributed 65,877 healthy meals and snacks, ensuring youth have the nourishment needed to thrive.

In addition, 312 members participated in hands-on STEM programming designed to spark curiosity and build critical thinking skills in science, technology, engineering, and mathematics. These experiential learning opportunities empower youth to explore future career pathways and develop the problem-solving abilities essential for long-term success.

We are more than a club, we are mentors, advocates, and champions for every child who walks through our doors. By listening, guiding, and encouraging them to exceed expectations, we help young people build the confidence and skills necessary to achieve their full potential.

GREAT FUTURES START **HERE.**

America Needs **Club Kids**

Children and teens in Cleveland County need safe, welcoming spaces where they are supported, challenged, and inspired to reach their full potential. For 60 years, Boys & Girls Clubs of Cleveland County have provided that foundation and proudly continues to carry that legacy forward in our community. For many of our members, the Club is more than an afterschool program, it is a second home. It is a place where caring mentors know their names, where homework gets completed, where healthy meals are served, and where confidence begins to grow. Every young person in Cleveland County deserves access to enriching experiences, life-changing opportunities, and positive role models who believe in their future. Through academic support, leadership development, workforce readiness, and healthy lifestyle programming, we equip youth with the skills, resilience, and character they need to build productive, fulfilling lives. Cleveland County thrives when its young people thrive. And the future of our community depends on ensuring that every child who needs the Club has access to it.
